

PANTHER SENTINEL

Volume XIX

Salinas, California, Friday, April 21, 1950

Number 23

As We See It

By PHIL TRINE

Financial difficulties harassed the freshman class this week after the annual freshman-sponsored Pajamarino netted a minus \$50 to \$75 last Friday evening. The freshmen borrowed the money from the commission to "throw the affair" after finding only \$1.50 in their till to pay the expenses.

No one figured the dance would even net an "even break" but nevertheless the event took place. It seems some revision in advertising and organizing is needed to gain student support. The freshman class will undoubtedly raise money to repay the debt incurred, by either taxing members of the class or coming through with a "money-making scheme," but the problem of making dances "paying propositions" still remains.

Several years ago a student poll was taken to determine why school affairs were not well supported by Hartnell students. Various reasons such as the distance one has to travel, the over-all expense involved, and the competition with students' local events were cited. The most important reason was summed up by a student who remarked, "Hartnell College affairs just aren't attractive enough to warrant the trouble and expense."

What are we going to do about it? Well, it seems all Hartnell functions will have to go in for a facelifting. Too often the work involved in publicizing and organizing a function is left up to a small group. And nobody other than this five or six-man committee seems to "give a hoot" whether the plan is a success.

All one has to do is look at the progress Hartnell has made in staging Homecoming Day and the Men's Club supper to see what happens when the school as a whole co-operates.

Lack of publicity seems to be the pet excuse for failure of affairs. And of course the publicity chairman has to shoulder the blame. But no matter how persevering a publicity chairman goes about putting up posters, filling the bulletin with notices, and making announcements, the event is doomed for oblivion unless the students are reached personally.

It's not an easy task, but with proper leadership and co-operation dances can be made a "paying proposition." If one club wishes to sponsor a dance why not have all the clubs, the student body commission, and the class presidents "plug" the affair. And, when it's their turn to hold a dance, the same procedure can be followed.

This idea of "I'll do what is assigned to me and no more" will never make Hartnell rich from

(Continued On Page 2)

Sophs Stage Annual Show Today

Receive Scholarships

Two Hartnell students, Sue Rycraft, right, and Rose Chiurato, left, have received scholarships which will be used by them for further schooling. Miss Rycraft received the award from Business and Professional Women's organization of Salinas, and Miss Chiurato's scholarship was presented by the Salinas branch of the American Association of University Women.

Miss Rycraft received her scholarship, in the amount of \$50, on the basis of scholarship, leadership, initiative, and co-operation with department activities. She will go on to San Jose State.

Miss Chiurato was selected on the basis of personality, scholarship, and outside activities. She plans to go to the University of California, then into instructing.

Commission Sets Dates For Student Body Elections

Dates were set by the commission for the election of student body officers during Tuesday's regular meeting. Petitions for the offices are to be taken out and signed from May 1 to 10.

Presentation of the candidates will take place in an assembly which is scheduled for May 10. Voting for the officers will take place during the week of May 15; the primaries on Monday and Tuesday and the finals on Thursday and Friday. The ballots are to be printed on the Friday before the election.

Wayne Ingols made his report to the commission concerning the revision of the constitution. The draft of the constitution is to be presented to the commission for approval by April 25.

The draft will be posted by the end of next week and will be voted on by the student body on May 5. The new constitution will include a change in the commission, eliminating one office and creating a new one.

Under old business the new

freshman class representative, Carl Bartlebaugh, brought out the fact that the freshman class went in the hole to the tune of \$75 at the Pajamarino. Funds for the dance were borrowed from the social activities budget. The debt will be made up through the collection of freshman class dues.

Also under old business Gardner Pond, vice-president, suggested that money be set aside for a trophy case in the student union until such time as the building is built. Pond said that there is no space for the case in the main hall due to the crowded conditions between classes.

Bruce McCallum, men's representative, reported that Coach Ed Adams has not received an answer

(Continued On Page 2)

Curtain Rises at Noon; Gloria Scroggs Plays Lead

Noon today is the time for "Mable's Fable," the annual Soph Show. The show is entirely a student production and is an annual affair. This year's show has been written by Dewey Chambers and seems to be a promising presentation.

The story consists of two acts with oleos between each act. The oleos will be presented by Ralph Rowland. Those participating in each scene are: discovery of Hartnell, Geordie Corbett; Mable enters Hartnell; Dick Cimino, Helen Wolber; commission meeting, Dee Fosselman, Marguerite Sander, Carla Adams, Marjorie Mathers, Robin Lowry, Don Keeney, Cimino; Chambers, Corbett; Hartnell dance (1924), Tom Ford, Alice Spagopolous, Bunky Millsap, Paul Calendrino, Keeney, Lowry, Corbett, Mathers. The first act is narrated by Ralph Rowland.

Skating Party Rolls in Monday

Still attempting to give Hartnell a great variety of social activities, the Flying Club will sponsor another skating party on Monday night. Tickets for the big event are now on sale by club members for 40 cents. This price will pay of clamp-on skates, and 25 cents extra will be charged for shoe skates.

Site of the party will be the Big Barn on Williams Road in Alisal. In order that students will be able to get home early, the party will be held from 7:30 to 10:30 p.m.

Officials of the club have planned to offer door prizes and, if enough persons are present, novelty dances will be held. The last party held, though the persons attending had an enjoyable time, was not successful because there were not enough persons present.

Only Hartnell students, their guests, and friends will be admitted.

For quite a long period of time there has been a demand on the part of many students for skating parties, and in undertaking these projects the Flying Club is trying to fulfill this demand, Mr. Richard Carlisle, advisor, said.

More Instructors Needed in '50-51

Hartnell President John B. Lemos has announced that three additional instructors will be added to the faculty next fall. The three, who have been added to keep up with the student increase, will include instructors in social science, commerce, home economics and women's physical education.

At the same time, Mr. Lemos said that graduation will be held on Friday, June 16. Finals will begin on Thursday, June 8, and will be held during seven days instead of the previous five. This change came about because too many students had as many as four finals in one day in the past.

The second act is narrated by Cimino. The scenes for the second act are: circus scene, G. Darwin Peavy's tumbling team, Calendrino, Millsap; Hollywood, Jim Smith, Bob Cancellieri, the Hawaiians, Millsap, Calendrino; New York, Don Schrupp, Smith.

These are but a few of the many who are cast in the soph show. The show is to be an hour long and the price has been set at 25 cents.

Everyone is invited to come and see some of the better known Hartnell instructors, and George Milljellich and Pardner Gond in action in the commission.

Catchy Sayings Herald Art Dance

News has finally leaked out that the "It" and "Yes, We Have Bananas" posters are advertising the big Art Club dance, which will take place next Friday, April 28, according to Ralph Goings, chairman of the affair.

"It" dance is all in the theme of the roaring '20's, and promises to be quite an affair, said Goings. The dance will be in the cafeteria, and will feature a "speakeasy" or a place where you can buy your "likker" on the sly. Of course, the "likker" will be "bathub gin" and of course it will be soft.

Featured also during the evening will be a raffle at which time an album of Dixieland records, and several of the club's water colors will be raffled off. Tickets will be on sale today and you won't have to be present to win. Tickets

(Continued On Page 3)

AS WE SEE IT . . .

(Continued From Page 1)

dances. Ideas and plans should be mapped collectively, far in advance, and any new stimulus that can be added should be given considerable attention.

Maybe the problem can be solved by a board of representatives or a boosters' club, but anyway you look at it, the situation is distressing enough to warrant a change. The tactics employed in publicizing, organizing, and making the events attractive enough to out-of-town Hartnell students, should be revamped.

Engineering Exam To Be Given May 6

Mr. Jerry Girdner has announced that both the freshman and junior status engineering examinations will be given here on May 6. These examinations, given by the University of California School of Engineering, will cost \$5 and students who plan to take them should apply before April 29 through Mr. Girdner.

Air Force Sergeant Speaks Next Thursday

Sergeant M. G. Boyajian will speak Thursday, April 27, at Hartnell College on opportunities offered in the army air force. He will emphasize the advantages of travel and education, the A.A.F. offers. The meeting will be at 12:30 p.m.

Former Student Receives Honors

Back on the campus this week was Edward Lanini, blind student who attended Hartnell from 1945 to 1947. Edward, who has been blind since birth, is presently distinguishing himself by graduating from two schools.

He completed regular studies at San Jose State College and graduates in June. He was one of 27 students who completed a course given by the Guide Dogs for the Blind, Inc., at San Rafael. Accompanying Edward while he was here was his beautiful dog, "Ilsa."

While attending Hartnell Edward had an exceedingly fine scholastic average. He graduated with almost a straight "A" average. Edward, who lives in Salinas, plans to do graduate work at the University of California this fall and then go into social work.

Crops Class Plants Variety of Flowers

As their class project, the crops class at Hartnell A. and M. have undertaken the job of beautifying the farm campus by planting new flowers. Under their instructor, Mr. Roy Lanini, Bill Throgmorton, Don Smith, and Charles Reed are now setting such plants as stocks, petunias and various other varieties of plants.

They have also started to plant their summer vegetable garden. The school buys the seed, and the students work on the project and get all the returns received. All types and varieties of vegetables are being used.

The class planted a plot of different types of irrigated pasture grasses. Over 35 varieties of seed were used and five pasture mixes. The purpose of this project was to acquaint the students with the various types of grasses used in Monterey County, and all over the state.

Local Delegates Attend Meeting

Delegates from Hartnell College Newman Club had the privilege to attend the statewide Newman Club convention at College of the Pacific in Stockton. Delegates were Nancy Bardin, Don Stoffey, Pete Fosselman, and Francis Scilacci. Miss Eleanor Perry, advisor, accompanied the delegates, along with Father Patrick Deegan.

About 300 delegates were present at the convention including a member from Hawaii and 16 delegates from Nevada.

The purpose of the convention was to elect officers, and to take up the business of Newman clubs all over the state of California. A wonderful dance and banquet were given for the enjoyment of the delegation and C.O.P. acted as host.

The Newman Club held a meeting Wednesday. Guest speaker was Dr. F. H. Smith, a leading surgeon of Salinas. Also, the library committee took up their business of the amendment to their constitution. Committee members are: Beverly Heple, Clarabelle Settrini, Mike Norton, Pete Fosselman, Dermond Toker, Francis Scilacci, Joe Matousek, Richard Kampa, and Charles Strunk.

NCJCC Meeting To Be April 22

The Northern California Junior College Association will hold its spring meeting on April 22, at Napa Junior College. Members of the Hartnell faculty will attend.

The general session will be from 9:30 to 12 noon. Luncheon will be served at noon. Section meetings will be given from 1:45 to 3 p.m. with specialists from each group acting as section leaders.

Mr. Lorell McCann will act as section leader of music. Other section conferences will include arts and crafts, trade and industry, social science, school nurses and school newspapers.

ELECTION . . .

(Continued From Page 1)
from Monterey Peninsula College concerning a proposed ping-pong tournament.

The commission went on record as favoring week-end basketball games in preference to week-day games so that attendance and consequently gate receipts might be raised. The commission will contact Coach Adams in order that he might make up the basketball schedule including more week-end games.

La Reata Off To Printers

La Reata has gone to press. The staff worked until 11 o'clock Friday night and all day Saturday to get the annual ready. The staff is headed by Camille Johnson. Others helping to get the book ready are: sports editor, Gary Robinson; photographers, Andy Ausonio, David Bird, Bob Mendonca, Grant Markham, Pat Lewis; copy, George Jackson, Phyllis Williams.

This year's edition will have 112 pages. The pages will be filled with pictures of the freshman and sophomore classes, school clubs, and social activities. The art work is being done by Ralph Goings.

The book is being printed by El Camino Press and bound in San Francisco. The covers are to be padded in pale blue with maroon lettering.

Club Plane Needs Motor Overhaul

Officials of the Flying Club have announced that their plane has been grounded so that the motor may undergo a complete overhaul. This work has been ordered because the plane has a total of 550 hours in the air under the control of club members, and this move has been deemed necessary.

At the present time the club is trying to ready their Stinson plane for flight in the very near future. If it is ready in time, flying instructors from here will fly to the junior college conference to be held at Oakland in the very near future.

Ski Club Picks Nominating Body

Still continuing their activities even though winter sports are on the way out, the Ski Club recently held a meeting of its members. At the meeting movies were shown and a nominating committee was set up to select candidates for next year's club.

Among their other activities, the club is planning to co-operate with the Flying Club and purchase decals for their clubs. The present plan will call for the two clubs to purchase the decals on a large sheet and then sell them individually to club members.

Posters Stimulate Student Union Plan

The student union committee under Alpha Gamma Sigma is now making plans to open their campaign for student support. The committee, headed by Mary Ann Silliman, has planned to put up posters showing other student unions. A booth for the annual carnival is also being planned.

It is the hope of this group that it will be able to stimulate enough interest among the students to get support in this campaign.

CAMPUSOLOGY

By GEORGE JACKSON

Congratulations to Hartnell's number two golfer, John Waterman, on his hole-in-one at the Morro Bay Golf Club last Saturday. While competing with the Cal Poly divotmen, John selected his trusty five iron and calmly proceeded to drop the ball in the hole 200 yards away.

Coach "Ab" Wilson, though envious of the shot, calmly led the procession of players to the nineteenth hole for the usual celebration. By usual, of course, it is meant cokes all around.

Latest scoop on mumpsimus Student Body President George Miljanich is as follows: While in another futile argument, he came out with "You two are against the world." Just call him George, "World" Miljanich.

Most popular place on the campus at noon seems to be the intramural softball games held near the men's gym each day. Games are hard fought and enjoyed by player and fan alike. Once in a while the game does get a little rough, however.

Frinstance, take a little incident that occurred in Tuesday's game: Bonnie Hearn, local strongal, led too far off first base, and, when a throw was made to pick her off, she had to go into the bag head first.

She paid little heed to First Baseman Bill Bell, and he soon found himself flat on the ground. Bonnie was safe, but when the 6-foot 3-inch Bell came up, there was a slight trace of blood showing from a cut on his leg.

If you're not afraid of the sight of blood, come on out and see the teams go for those medals.

Before we leave the subject of those softball games, it would be well to clarify the result of Monday's game. Upon examining the situation after the game, which supposedly ended in a tie, it was found that a mistake had been made in the scoring.

Manager Phil Trine of the team decided against immediately whispering "Protest." After he cooled down and was questioned on the verdict, he said, simply, "We wuz robbed!" The protest was allowed and the Sea Lions barked their approval.

WSSF Fund Drive On at Hartnell

During this month on the Hartnell campus the World Student Service Fund will appreciate any contribution in the form of money, clothes, or books. This drive, which is progressing all over the nation, is also being boosted by the United Nations.

Thirty-six nations all over the world are participating in this student drive, and are showing a splendid interest in the welfare of the war-wrecked students of Europe and Asia.

According to Pat Eldridge, publicity chairman for the W.S.S.F. here at Hartnell, we should give to our utmost in helping the students who do not have the advantages of money, clothes, and books that we receive here.

Every Friday in the month of April the Hartnell W.S.S.F. committee will have cake sales in order to gain money for the fund.

ART DANCE . . .

(Continued From Page 1)
are \$1 couple and 75 cents stag. Attire for the evening is sport, said Goings.

Music will be furnished by records, a lot of which will be right in the style of the 20's.

Attendance Small; Freshmen in Hole

Couples who attended the Pajamarino last Friday night reported the dance "good" but of course the crowd was small. Decorations were right in the theme, with a huge backdrop in back of the band, and pajama-clad characters painted on it.

The four-posted bed in the middle of the floor was the center of attraction. Don Schrupp and his committee deserve a lot of credit for the decorations, along with Ken Yoder, Carl Bartlebaugh, Bunky Millsap, Diane Lafranchi, and Phyllis Butters.

Clubs Submit Booth Plans For Spring Carnival in May

Today is the last day for clubs to submit their plans for their booths at the carnival on May 13. At the present time a total of seven clubs have announced what they plan to have at the carnival.

Following are the clubs and their prospective entries for the carnival: U.G.C., cascarones; W.A.A., homemade pies; sophomores, cakes; Flying Club, photographs; Colhecon, three candles to put out; Newman Club, artichokes; and Alpha Gamma Sigma, grab bag.

At the last meeting held by the interclub council, it was decided that a club may have more than one booth if it so desires. Also set was the standard size of the booths, eight by six feet.

John Alsop was appointed to make arrangements for securing an orchestra for the dance. This orchestra will play for the free dance at the carnival. President Bob Can-

cellieri has been investigating the possibilities of having buses provided for students who have no other means of transportation to and from the dance.

With plans shaping up rapidly for the big dance, a great deal of optimism has been shown concerning the success of the carnival, proceeds of which will go to help furnish the student union when it is completed.

Colhecon Plans Booth, Committee Selected

Last Thursday the Colhecon Club held its regular meeting. They discussed plans for their carnival booth, and committees were chosen to work on the booth. Committee members are Marjorie Rains, Ilene Wolfe, Sue Rycraft, Frances Pollitt, and Jeane Tabacchini.

Local Nine to Play Soledad Prison Sat.

Tomorrow afternoon at 2 o'clock the local baseball aggregation will travel to the walled city near Soledad to play the inmates of the Soledad Medium Security Prison. According to Coach Jess Regli, all three pitchers will be used in the contest.

Traveling to the big city on Tuesday, the Hartnell Pan-

National JC Meet To Be Held On West Coast

Recently released by the National Junior College Athletic Association was the locality of national championship meets in various sports.

During the last week of May the National J.C. track and field meet will be held at Visalia, sponsored by the College of Sequoias.

Lately the site of the national junior college swimming meet has been changed from Coffeyville, Kansas, to Fullerton Junior College, Fullerton, and will be run off May 30, 31, and April 1.

The national golf tournament will be held at Long Beach City College on May 26 or 27, and scores will be based upon 36-hole scores. April 28 the national J.C. gymnastic meet will be sponsored by East Los Angeles J.C. and is to be held in the new gymnasium at nearby Montebello High School.

thers dropped an exhibition match to the Spartlets of San Jose State College by the overwhelming score of 16-5. The big inning for the frosh came when they tallied seven times in the second frame. Six errors were marked up against the Harts in the nine innings of play.

Fifteen hits did the damage for the San Joseans including a double and a triple. Local hurlers Al Navaroli, Frank Brumblay, and Chuck Jackson were all tried on the mound for the local club.

One double play was credited to the Panthers and was the only one which was marked up during the encounter. Spartans allowed a score of Hartnellites to reach the first sack, but only six of these were by way of hits. John Alsop and Al Navaroli were given doubles and three men were hit by pitched balls in the fray.

3-WAY SWIM MEET POSTPONED TO MAY 3

After traveling to Monterey last Wednesday afternoon, the local aquamen were told that the meet had been postponed to May 3.

Golfers Win First Meet of Year From Stockton, 10-5

Hartnell golfers triumphed for the first time this season last Thursday with a decisive 10 to 5 victory over the Stockton Mustangs. Playing in fourth position, Glen Albaugh had the low score for the day with an 81, shot in the high wind of the Salinas Golf and Country Club.

Bob Moore, who played in first position, won three points from his opponent for a clear victory.

John Waterman defeated Mustangs' second man on the back side but lost the eighteen and first nine to be defeated two points to one.

Ken Koenig again came through for the Panthers with a resounding three point victory over his Mustang opponent.

Playing a bad round, Dick Fry was the only Hart to go down to a complete defeat, losing three markers to his competitor.

The local divoters traveled to Cal Poly Saturday where they met a strong team composed of very experienced golfers. Bob Moore was the only Panther to salvage a victory, shooting a four over par 76.

This Saturday the Panther Tee-men will play hosts to the Modesto Pirates on the Salinas Golf and Country Club layout.

Locals Bow to MPC Baseballers-Twice

Again the Panther baseball club of Hartnell College has gone down to defeat, this time at the hands of Gordy Miyamoto and the Monterey Peninsula College nine by scores of 8-1 and 6-5. Gordy did a commendable job by hurling the full nine innings of the first game and appearing in the role of relief moundsman in the second encounter.

Al Navaroli was charged with the defeat in the first game though the loss could be attributed to the Panthers' faulty fielding.

Coach Jess Regli stated that the hitting of Bill Cook and Louie Foletta was good as Cook and Foletta got two singles and a two-bagger

Locals Host Five Colleges in Meet

Tomorrow on the Hartnell cinders the local trackmen will host the small schools of the N.C.J.C.C. and C.V.J.C.C. in an invitational meet. Menlo, Monterey Peninsula College, San Luis Obispo, College of Sequoias, and Hartnell will participate in the five-way meet.

The Giants of the College of the Sequoias, situated in Vi-

salia, will supposedly give the Panthers the most trouble, being loaded in the sprints and hurdles up to this point these have been the Harts' weak spots.

According to Mentor Ed Adams, the Panthers will have to rely on their strength in the field events to come out with a victory in the invitational event.

Considerable trouble is expected from Wahl of M.P.C., who has defeated the local shotputters on two different occasions, and Pike of Menlo, who also has bested our weight men.

Sea Lions Protest Opening Game

The intramural softball season got off to a rousing start this week when an official protest was filed over Monday's disputed game by Phil Trine, pilot of the Sea Lion team. The protest was filed with Coach Jess Reguli, commissioner of softball at Hartnell College.

The protest was filed because the score of the game was changed after the teams left the ball park.

Cindermen Last In 3-Way Meet

Hartnell Panther trackmen traveled to Stanford Saturday and placed third in a triangular meet with the strong Stanford and San Jose State freshmen cindermen.

Bob Mathias, national and Olympic decathlon champion, led the Stanford yearlings to victory with three firsts and a second in the 95½ point total produced by the Papooses. San Jose State followed in second place with 49½ markers, with the Panthers in third garnering 14 points.

Grabbing the blue ribbon honors in the shotput, discus, and 120 high hurdles, Mathias put on one of the finest exhibitions of versatility witnessed by the Panther trackmen.

Bill Temple copped third in the high hurdles running behind Mathias in a very fast time of 14.8.

Jim Tannahill tied for fourth in the high jump, Irvin Karp grabbed fourth in the 220-yard dash, Don Smith, fourth in the 220-yard low hurdles, Ted Dennis tied for second in the pole vault, Loren Green placed third in the broad jump and second in the javelin, and Don Weber, who also placed in the javelin with a third.
